**Hypnotic Clambake Takes the Stage!**

Imagine a world without the accordion. Some of us would love that. Unfortunately, the band we would miss the most would be Rochester's "Hypnotic Clambake." Their music has been a welcome part of the Upstate, NY music scene since 1990 and continues to find appreciative audiences throughout New York State and beyond. Accordionist, Maury Rosenberg, originally from Long Beach, NY has performed with Yo Yo Ma, Peter Yarrow and David Lindley. He has made Western and Upstate, NY his stomping grounds for some of his weird, yet entertaining musical endeavors. Everything from Polkas, Tangos, Zydeco and Klezmer music mixed with a twist of lime and an original sound true only to the "Clambake" defines this band's unique sonic form. The group has enjoyed a long career performing throughout the U.S.A. and Canada. Some performances include the Montreal Jazz Festival, Telluride Bluegrass Festival and Milwaukee's summer festival. The group will be making their first premier performance at \_\_\_\_\_, Date \_\_\_\_\_. Come see the only Post Bulgarian Neo-Celtic Roots Rock band in town. Hypnotic Clambake will be in town one night only!
